CINEMATIC JAZZ / JAZZ-ROCK
KEYBOARDIST & COMPOSER · SONIC DOCUMENTATION

P-Vine (JP) / Légère (DE) / Rockin'KOREA (KR)

A journalist's instinct for story.

TC.KYLIE is a Hong Kong-born, London-based keyboardist and composer turning cinematic jazz fusion into sonic storytelling. Formerly a journalist for Hong Kong's public broadcaster RTHK, she composes with a documentarian's attention to narrative, place and emotional detail. Her instrumental sound traces Hong Kong, Japan and the UK through modern jazz, Japanese jazz-rock, acid grooves, SEGA-era textures and Studio Ghibli-inspired nostalgia.

With her signature keytar at the centre, TC.KYLIE's live show is high-energy, rhythmically charged and visually unmistakable. The harmonic and improvisational force of Shaun Martin and Hiromi Uehara meets the momentum of fox capture plan and jizue.

Following debut EP **RE:birth**, TC.KYLIE toured the UK, Ireland and continental Europe, with sold-out or fully booked dates across London, Edinburgh, Glasgow, Manchester and Berlin.

A lovely mix of European and Asian influences... reminiscent of a Studio Ghibli soundtrack.
